

# VERTICAL FILE INDEX

This is a complete index to all files/folders in the Vertical Files at Bennett Martin Public Library as of February, 2024. These include all files relating to the state of Nebraska, the city of Lincoln (NE), and Lancaster County. These also include the files about prominent individuals from Nebraska. A special “boxed” set of laminated copies of articles about **Charles Starkweather** and his crime spree is available on top of the filing cabinets in the Vertical File area. There is also a special “boxed” collection of articles related to the events of **9/11/2001**. All Vertical Files are non-circulating and can be made use of only while visiting the downtown library.
